

ABC's of Rubberstamping Techniques – C is for Crayon Resist

Crayon Resist Gift Card Holder

1. Stamp an image in black or other dark ink.
2. Color image with as desired. (optional)
3. Trim image to finished size.
4. Apply white crayon (works with other colors as well) to any area that should remain white. If you colored your image, apply crayon over all colored areas. It will keep the ink off.
5. Start sponging over your image dye ink.
6. Continue to sponge color until the entire piece of cardstock is covered.
7. Take a paper towel and buff image. It will take the ink off your crayon marks.
8. Score 4 ¼" x 11" Baja Breeze cardstock rectangle crosswise in the center (at 5 ½"). Score crosswise again at 3 ¼" from each end.
9. Fold card stock into a W shape.

10. At center fold, use Word Window punch twice to punch slot in folded edge. Use 1" Circle punch inserted about 1/3 of the way into center on one side and punch. Re-fold and punch again to cut a notch in the slit.
11. Use sticky strip to form pocket for gift card.
12. Use Eyelet Border punch along short edge of Soft Suede cardstock.
13. Layer and finish card.
14. Use ribbon to form belly band to keep holder closed.
